For immediate release

Approved for release

PPM Suite Online Subscription Now Available

Best Management Practice is offering a single annual subscription providing online access to the entire suite of its core portfolio, programme, project, value and risk management (PPM) guidance. The subscription is available for individuals and organizations, and includes the recently released Management of Value (MoV™) and Management of Portfolios (MoP™), in addition to the well established PRINCE2®, MSP®, M_o_R® and P3O® guidance. All the publications are supported by APM Group qualifications.

Neil Glover, PPM Commissioning Editor for TSO, explains: “This new online subscription gives organizations and individuals the opportunity to access the wealth of PPM guidelines available across the Best Management Practice portfolio, at a fraction of the cost of purchasing each publication individually. Buying the guides through an annual online subscription provides a complete picture of the PPM environment, helping professionals to support PPM strategies and implementations both efficiently and effectively, and with reference to the very latest best practice advice from Best Management Practice.”

An annual subscription to the online PPM Suite provides access to authoritative versions of the Best Management Practice PPM publications as individual online titles, which are kept current with the latest revisions and updates. Navigation is made easier through bookmarking, cross-linking between chapters and history, and a pop-up glossary ensures that all terminology is fully understood, as it is being read.

Multi-user access and corporate subscriptions are available, and organizations are able to benefit from flexible packages offering shared access across a number of sites, or mixed media access.

Individual annual subscriptions to PPM Suite Online can be purchased from www.best-management-practice.com or by clicking [here](#). For further information on corporate subscriptions, to discuss requirements or to obtain a quote, please email digital@tso.co.uk.

NOTES TO EDITORS:

Best Management Practice

TSO is the official publisher for the Best Management Practice internationally recognised approaches: PRINCE2®; Management of Risk (M_o_R®); Managing Successful Programmes (MSP®); Portfolio Programme and Project Offices (P3O®); Management of Value (MoV™); Management of Portfolios (MoP™); and ITIL®.

This collection of Best Practice guidance helps successfully deliver against a range of business requirements from project implementation through to establishing an effective, ongoing service management function. MSP supports the many companies and organizations that run multiple projects, while M_o_R provides guidance for dealing with risks that weave themselves through almost all business operations.

TSO

TSO (The Stationery Office) has 200 years experience of providing publishing and information solutions to the public sector. It specialises in the creation, production and distribution of information in print, online and electronic formats. TSO is Britain's largest publisher by output, publishing 15,000 printed and electronic products each year.

TSO has a long history of working with Best Management Practice and is the only official publisher of its Best Practice Guidance, managing various update and refresh projects on behalf of OGC.
